1. Requirements
Bugema University courses include exams as part of their assessment. Occasionally, these exams may be required to take place in an online environment. This document sets out the policies and procedures for Bugema University online exams.

Supporting documents: Guide to Completing Online Exams

To sit the online exam, you shall require:

- A laptop computer or a PC with a camera and microphone
- An internet connection capable of transmitting an audio and video feed

If you are unable to transmit a video feed (i.e., if you do not have a sufficiently fast internet connection or access to a webcam), you must inform the E-Learning Director (e-learning@bugemauniv.ac.ug) in writing at least 7 days prior to the exam date.

- Photographic ID (e.g., Bugema University student card)
You must have an examination number, that you shall only get after 100% payment of the fee for the semester.

2. Exam format
Bugema University online exams are hosted on the Moodle platform. There are various kinds of exams: multiple choices, essay-based or a blend. Your instructor shall explain the format of your exam to you in detail prior to the exam date.

Exam invigilation
As with physical exams, online exams are invigilated to ensure that the exams are conducted correctly, and to identify any potential cases of inappropriate behavior.

Online exams are invigilated by means of the camera and microphone on your laptop and device. A remote invigilator shall monitor the camera and microphone activity of students for the duration of the exam and is also on hand to address any potential queries or questions.

If you have contacted the E-Learning Director to report that you are unable to transmit a video feed, you shall still be required to use a microphone for the duration of the exam. Please note that only those who have given prior notice shall be permitted to sit the exam without a webcam. If you did not provide such notice and are unable to provide a video feed on the day of the exam, you will not be permitted to sit the exam.

Before the exam
At least 7 days prior to the exam date, you will receive the Bugema University Guide to Completing Online Exams. You will also be given access to a test exam page containing sample multiple choice and essay-based exams, as well as a link to a remote invigilation space (identical to the online lecture space used for distance lectures).

Please take the time to read the guide and familiarise yourself with the exam page and sample exams. Please also ensure that your microphone and webcam are working—see the Guide to Completing Online Exams for detailed instructions on completing this. If you are experiencing technical difficulties, please contact Director (e-learning@bugemauniv.ac.ug) as soon as possible.

15 minutes prior to the start of the exam, you will be required to log into Moodle and access the exam page. Here you will find:

• A link to the exam
• A link to a remote invigilation space

During the exam
Students who log on more than 30 minutes after the beginning of the exam will not be permitted to sit the exam. Students who begin the exam late will not be awarded additional time.

During the early stages of the exam, the invigilator will ask you to show your photographic ID to verify your identity. If you have forgotten your ID, you will be required to provide some identifying information to the invigilator, including your full name, date of birth, address and
phone number. This information will be used solely for the purposes of confirming your identity and will not be retained following the examination.

If at any point you require the assistance of the invigilator, please use the microphone on your device to communicate, or type your query into the chat system in your private invigilation room, and the invigilator will respond as soon as possible. Please note that the invigilator may be dealing with another student query at the time and may not be able to immediately respond to your query. Please allow a reasonable amount of time for the invigilator to respond.

In the event of any incident occurring that may affect the outcome of your examination (e.g., if you fall ill during your examination, or your internet connection is interrupted), please communicate this to the invigilator as soon as possible either through your private invigilation room or by Telephone. If you are unable to continue your exam, the invigilator will end your exam attempt and will make a report of the circumstances surrounding your interrupted exam. Following this, the Bugema University E-Learning Director will contact you to discuss the situation and decide the best course of action.

If, during the exam, you feel that there are circumstances beyond your control that are affecting your performance in the exam, or that the exam is not being conducted correctly, please bring this to the attention of the invigilator as soon as possible. The invigilator will make detailed note of your concerns and, if possible, address these as far as is practicable.

You are free to submit your exam at any time. If you wish to finish your exam early, please let the invigilator know that you are doing so. Once the invigilator has confirmed that your exam has been submitted, you shall then be able to turn off your camera and microphone. After this point, you shall no longer be able to re-join the exam. Please do not turn off your camera and microphone before the invigilator has checked your exam.

The invigilator shall alert you when there is 30 minutes remaining in your exam. Note that the exam shall automatically close after the end time. The invigilator is not able to grant extensions or amend the end time.

Post exam – appeals
After the exam, if you feel that the exam was not conducted correctly, please follow the following procedures.

Stage 1 – Review Assessment
A learner wishing to make a challenge regarding an exam or assignment must do so within 5 working days following the assessment date and can submit to the Director (e-learning@bugemauniv.ac.ug). The Results Approval Panel shall investigate the matter and inform the learner of their decision within 4 weeks of receipt of the submission.

Stage 2 – Appeal of Panel decision
If the learner does not agree with the outcome of the review, they have the right to take the process to Stage 2, which involves an independent investigation into the case. Candidates must request an appeal in writing to the Director (e-learning@bugemauniv.ac.ug) within two weeks.
of receiving the review outcome. There is a fee, which would be refunded if the appeal were successful.

Stage 2 appeals does not re-investigate the circumstances of the original review but will only consider if the appellant can show that Bugema University (or other relevant awarding body) did not apply procedures consistently during the original investigation, or that procedures were not followed properly and fairly. The Academic Board shall investigate the matter and inform the learner of their decision within 4 weeks of the receipt of the submission.

3. Authorized Materials
Learners must remain within the exam site at all times. Authorized materials will be made available in the exam. Attempting to access external websites and/or course materials in the course site is never permitted and will invalidate the exam, resulting in sanctions according to the University’s Academic Standards Policy and the instructor being notified of the infraction.

Learners may not use notes, calculators, or other materials unless otherwise stated in their course site. Any unpermitted materials (including smart devices, such as cell phones and smart watches) must be stored away from the testing area. All electronic devices must also be turned off.

Random security checks may be conducted at any point during the exam. Learners must comply with all security checks; time lost during these security checks cannot be made up.

6. Disciplinary policy
The University shall apply fair and strict procedures in dealing with incidents of alleged cheating. Bugema University considers the acts of cheating, fabrication, and falsification as academic impropriety. The University defines the offence of cheating as:

Acting dishonestly in any way, whether before, during or after an assessment to either obtain or offer to others, an unfair advantage in an assessment.

If you are found to have undertaken a deliberate act of cheating, falsification or fabrication, or to have otherwise acted in a way deemed inappropriate and contrary to responsible academic practice, then Bugema University reserves the right to end your examination, withhold your completed examination from correction, or retract any grades already assigned to the examination in question and, where appropriate, remove you from your course.

The following is the Disciplinary Process

ACTIONS

1. The Examination Council shall contact the learner(s) to inform him/her/them that an act of impropriety is alleged and that the Institute Disciplinary Policy will be invoked
2. A Disciplinary Committee shall be formed which shall invite the learner(s) concerned to furnish a written response to the allegation of impropriety.
3. All documentation shall be sent directly to the Examination council.
4. The learner is invited to attend the disciplinary hearing and may be accompanied by a member of the student body, who shall act as a witness to the hearing.
5. The decision of the disciplinary committee shall be made and issued to all parties within two working days of a review of all the material.

PENALTIES
Any of the penalties from the list below may be recommended should the allegation or suspicion of impropriety be upheld or admitted by the learner concerned. The Disciplinary Committee shall impose penalties on a case-by-case basis, taking account of the full circumstances of the offence. When considering a penalty, the Disciplinary Committee shall consider:

- The circumstances of the impropriety
- The credit level attaching to the affected module(s)
- The history in the institute of the learner(s) concerned

Any of the below penalties may be imposed, either separately or in combination, where appropriate.

1. A reprimand (a verbal or written warning).
2. A zero mark for the exam with provision for a repeat attempt/resubmission. Repeat/resubmission will be considered as a second attempt.
3. A zero mark for the exam with no opportunity to repeat/resubmit in the current academic year. In these circumstances, learners are not allowed carry fail modules/units into the subsequent stage
4. Suspension from the programme
5. Expulsion from Bugema University. An expulsion judgement will be referred to the Administrative Board for approval by the Disciplinary committee
6. A student found guilty of copying the examination shall not be allowed to sit for special exam or supplementary examination but he/she shall be required to enroll for the course again and study

There is no case of examination malpractice or misconduct that will go without reprimand. The following shall apply for the following malpractice:

**Category A**
1. The work is disqualified and no marks awarded

**Category B**
1. The student shall be discontinued and the examination paper withdrawn
2. Students shall lose all the subsequent examinations of the semester
3. The student shall be suspended for not less than one semester

**Category C**
1. The student shall be discontinued and the examination paper withdrawn
2. Students shall lose all the subsequent examinations of the semester
3. The student shall be suspended for not less than one year

**NOTE:** In any of the cases category B and C the student does not qualify for either retake/supplementary or special examination(s), and the individual is therefore awarded an ‘F Grade’

**APPEALS PROCESS**
The decision of the Disciplinary Committee may be appealed to the Administrative Board within two weeks from the date of issue of the decision. Any of the learner(s), reporting member(s) of the academic staff, invigilator, involved in the case may lodge an appeal. The standard procedure for an appeal to the Administrative Board apply as outlined in the Students Handbook. All parties involved shall receive a report from the Administrative Board Appeals Subcommittee on the outcome of the appeals process. This shall include the final ruling and any penalty imposed.

**7. Repeat Assessment (exam)**
If you wish to repeat an exam, a request may be lodged with the Academic Board. A fee applies for standard repeats. This includes the exam re-enrolment fee and the exam centre fee. Requests for repeat assessments should be made as early as possible following the original exam.
